PROFESSIONAL SUMMARY

Results-driven **Civil & Landscape Site Engineer** with 2+ years of experience executing large-scale landscape infrastructure, hardscape, softscape, civil works, and irrigation systems. Skilled in AutoCAD drawing interpretation, quantity estimation, BOQ analysis, and DPR/JSA preparation. Proven track record in site supervision, contractor & labor management, quality control, and strict HSE compliance.

CORE COMPETENCIES & KEYWORDS

- Site Execution & Supervision
- Irrigation Network Management
- BOQ Reading & Analysis
- DPR & JSA Preparation
- HSE & Safety Compliance
- Hardscape & Softscape Works
- AutoCAD & Technical Drawings
- Quantity Estimation & Verification
- Quality Control (QA/QC) & Inspections
- Manpower & Material Planning

WORK EXPERIENCE

Site Engineer – Civil & Landscape Projects | Grotech Landscape Developer Pvt. Ltd. Sep 2024 – Present

- Lead daily site execution and supervision for multi-acre landscape infrastructure projects, managing hardscape layout, softscape plantation, land leveling, and drainage works.
- Conduct precise quantity verification and measurement checking based on complex AutoCAD architectural drawings and Bill of Materials (BOM).
- Prepare Daily Progress Reports (DPR), Job Safety Analysis (JSA), and site measurement sheets for smooth client billing and project tracking.
- Coordinate with sub-contractors, supervisors, and labor teams to meet project deadlines and ensure optimal resource utilization.
- Implement rigorous site quality checks and enforce safety guidelines (HSE), achieving zero safety incidents across all assigned sites.

KEY PROJECTS HANDLED

Angelica Developers Limited (Retail & FEC Block) – Delhi Aerocity | Site Engineer

- Managed full hardscape execution, including high-precision granite pathway laying, finishing, levels, and slopes.
- Coordinated material movement, stone inspection, and site workforce to reduce material wastage by 5% and improve execution efficiency.
- Maintained daily progress reports (DPR), measurement records, and site documentation for accurate billing.

Microsoft Data Centre HYD-01 – Hyderabad | Site Engineer

- Supervised complete landscape execution covering softscape plantation, lawn turfing, and automated irrigation network installation.
- Directed site operations, daily workforce deployment, and sub-contractor activities across multiple project zones.
- Verified executed quantities with AutoCAD layouts and BOQ to ensure accurate billing and prevent cost overruns.
- Ensured 100% adherence to corporate quality standards and international HSE safety protocols.

ITPL (International Tech Park Bangalore) – Bangalore | Junior Engineer

- Assisted senior engineers in site execution of landscape works, underground irrigation pipeline laying, and ground layout marking.
- Supported technical survey and site layout implementation as per approved engineering drawings.
- Maintained daily work logs, material registers, and daily progress reporting (DPR) for internal reviews.

TECHNICAL SKILLS

Software: AutoCAD, MS Excel, Word, PowerPoint
Engineering: Quantity Surveying, BOQ, Leveling

EDUCATION & DETAILS

Diploma in Civil Engg: Lovely Professional University
Languages: English, Hindi | **Strengths:** Leadership
